CHAPTER 343,
ENVIRONMENTAL
ASSESSMENT:

The Harbors Division had both Draft and Final Environmental Assessments done for the Domestic Commercial Fishing Village Project, and a Finding of No Significant Impact was found for the project in June of 1998. The subject lease falls under the aforementioned Environmental Assessments.

REMARKS:

The lease, by direct negotiation rather than by public auction, is appropriate in this instance in order to provide the applicant land wherein they would be able to continue the close association necessary for convenient and efficient processing of fresh fish. Concurrent to this objective is the desire to consolidate major commercial fishing activities in a modern and more efficient environment where the complete range of seafood processing can be accomplished.

The lease for Parcel 3 of the Domestic Commercial Fishing Village will be submitted to the Department of the Attorney General for review and approval as to form.

RECOMMENDATION:

That the Board, authorizes issuance of a lease by direct negotiation to the applicant, subject to the terms and conditions outlined above and incorporated herein by reference and such terms and conditions as may be prescribed by the Director of Transportation.

Respectfully submitted,

BRENNON T. MORIOKA, Ph.D., P.E.
Director of Transportation
